THE UNIVERSAL CAR

The Ford Coupe with an electric self-starting and lighting system is one of the most popular members of the Ford Family. It is a permanently enclosed car, with sliding plate glass windows—an open car with plenty of shade. Then in inclement weather, enclosed and cozy, dust-proof and rain-proof. Just the car for traveling salesmen, physicians, architects, contractors, builders, and a regular family car for two. Demountable rims with 3 1/2-inch tires all around. To women it brings the convenience and comforts of the electric with the durability and economy of the Ford car. Early orders will avoid long delays in delivery.

MORRISON & SONS BUY PALMER GARAGE

Will Transfer All Repair Work to New Location.

John Morrison & Sons Friday concluded the deal for the Palmer Garage property on West Main street and took possession at six o'clock in the evening. The transfer includes the building and all equipment.

Morrison & Sons have been cramped for room ever since they got the Ford Agency and began repair work. The business continued to grow, and even after building to the alley in the rear of their store, they were unable to meet the demands of the trade. All repair work will be done at the new location, where they will operate a general storage and Ford service station, second to none in the country in equipment, skilled mechanics, accessories, oils, etc.

The Morrison boys know the Ford as they know their alphabet, for they have studied the "kritter" from the foundry to the sales room. This knowledge combined with pep and fair dealing gained them the confidence of automobilists and success followed.

Having passed the highest examination of any contestant in Lafayette County, Roland Meunch of Lexington, will represent this county at the Boy's State Fair School at Missouri's annual exposition at Sedalia, August 14 to 21.

J. L. Campbell of the state department of education will be in charge of the school at the coming fair.

Young Muench will leave Lexington August 13, for the fair.

Red Cross Notes.

Rev. A. J. Smith of Higginsville, came to headquarters Thursday on Red Cross business. He was accompanied by Rev. Morrison.

Last Sunday afternoon Mr. Drummond, Miss Coleman, District Supervisor of Red Cross nurses, Miss Kidd, Miss Teubner, and Miss Marquis attended a Red Cross meeting at Odessa. Talks were made in the interest of the work. Miss Coleman gave a very interesting talk on Public Health and the Nursing Service. Odessa is planning to establish a Health Center.

Miss Kidd and Miss Marquis spent the day in Concordia, Monday. The doctors, Red Cross officers, and others interested in the work were interviewed. A meeting was held in the afternoon at which plans for carrying on the work were discussed.

The nurse will have a car by the first of the week. Watch for the car with the Red Cross on it.

The organization for the peace time work is developing. By September we will have plans completed and be ready to start a program of real service to the entire community.

Mr. Drummond, Miss Kidd, and Miss Marquis were in Corder Tuesday night to talk to the people in the interest of the work.

Last Thursday, according to Mr. Keithley, the thermometer registered 95°.

ATHLETICS FAIL IN PINCHES

The Local Boys Fail To Get Hits When They Are Needed.

Score 6 to 5.

The local baseball aggregation threw away a number of chances in Sunday's game when they couldn't produce the necessary hit when bases were occupied. They lost a very good chance in the sixth inning, with all the bases loaded and no one out, when Hays and Mackie struck out and Helms fled out.

Sweet Springs won the game in the first inning, when Clark walked the first man up who then stole second and was sacrificed to third, and scored later on a very close play at the plate, which looked very much like the second out of a double play. Two more scores were then pushed over by some clean hitting.

Cully of Kansas City, pitched a very steady game for Sweet Springs, while on the other hand Clark was very unsteady, giving up hits at the wrong time.

Mr. Russel of Missouri Valley fame, and who always gives "his" team the short end of the close decisions, called the game from behind the bat, and though he might of meant well, made several bad calls—especially the one in the first inning.
